

Brief information to Brandförsäkringsverket's foreign policyholders

Second partial repayment from Brandförsäkringsverket

Dear Policyholder,

Brandförsäkringsverket is an old Swedish insurance company, which was established in 1782. Today we have a considerable number of old insurance policies called Allframtidförsäkring for fire damage, for properties in Sweden and some in Finland.

In our register you were the owner of the enclosed property in May 28 2008. This date is our reconciliation day of the ownership to the property and to the insurance policy in Brandförsäkringsverket.

Brandförsäkringsverket is now closing down and all assets will be converted to cash and repaid to each policyholder, their part.

The repayments will be in proportion to the once paid insurance premium, mostly paid before 1955.

The closing down procedure will take about three years and the first partial repayment of three is already transferred to your bank account, during 2009.

This information is now regarding to **the second partial repayment**, which will begin in 2010.

Enclosed you can see an information letter in Swedish and a form called SVARSTALONG for you to fill in and return to us at Brandförsäkringsverket.

Without this form signed and returned to us, we can not transfer the second repayment money to your bank account. The repayment amount in SEK is printed on the SVARSTALONG.

Please confirm your name and current address on the SVARSTALONG and check that the pre-printed **bank account number** (IBAN/BIC or a Swedish bank account number) is still valid.

Sign the form and return it by mail to us. Use the enclosed envelope.

Observe, that **all part-owners** of the property must sign the form.

We look forward to the answer from you as soon as possible.

Our address is:
BRANDFÖRSÄKRINGSVERKET
STRANDVÄGEN 19
SE-114 56 STOCKHOLM
SWEDEN

Stockholm in December 2009
